Prohibitionists Launch Move To Draft Borah as Presidential Candidate.

WET PLATFORMS SCORED

Temperance Units Seek United Campaign Against Major Political Parties.

By The Associated Press

INDIANAPOLIS, July 5.—It is hoped centered on a move to unite the great national temperance organizations in support of Senator Borah for the presidency the Prohibition party gathered for its quadrennial national convention here today.

D Leigh Colvin, national chairman of the party, has engaged in conferences with representatives of the temperance groups who are here designed to gain advance pledges of support to the Idaho senator if he will accept the party nomination.

Borah who has refused to support the Republican presidential ticket because of the platform's declaration on prohibition conferred with Colvin in Washington Sunday, but neither has revealed what if anything was decided. Those familiar with the senator's views believe he will decline the nomination.

Colvin said last night he believes Senator Borah would poll 10,000,000 votes as a candidate for president on the Prohibition ticket.

The movement to draft Borah drew some opposition from persons described as a minority of the prohibition group who feel the candidate should come from within the party ranks as is customary.

Committees to draft a platform and attend to other convention business were formed at state caucuses preceding the opening session. The keynote address was entrusted to Clinton Howard of Rochester N. Y. widely known temperance lecturer.

Howard hurled a challenge at the wet element of the two major parties. He attacked both the Republican and Democratic national platform planks dealing with the liquor question.

"We deny to the wets no right that was ours under the constitution," he declared the keynote. "We yield to them no privileges that were not available to the dries. We deny the right of the wets to take out of the constitution by some unconstitutional short cut what it took the dries to put in."

The major parties were scored at a mass meeting last night for prohibition stands. Colvin said.

Other speakers were Mrs. Jean W. Nicholson, president of the Women's Democratic Law Enforcement league, Mrs. F. I. Johnson of New York, and former Congressman William D. Upshaw of Georgia.

Round-World Flight Starts

Overshoot Harbor Grace 150 Miles in Battle with Fog.

GOAL SET AT SIX DAYS

Both Fliers from Southwest, One is Former War-Time Aviator.

BULLETIN

By The Associated Press

HARBOR GRACE, N. F., July 5.—The plane carrying James H. Doolittle and Bennett Griffen, American aviators, was sighted near this city late this afternoon.

By The Associated Press

ST. JOHN'S, N. F., July 5.—Two American aviators, James H. Doolittle and Bennett Griffen, were fighting valiantly to defeat a thick fog and reach Harbor Grace today. After being reported forced down in the fog near Westville they were sighted over Cape Freels and Griffen dropped a note reading "Please point direction of Harbor Grace airport."

The aviators were seen a half hour after they were reported to have landed at Westville. The residents at Westville said the fog was so low that they believed it had landed near a school. The aviators managed to stay in the air however and made their way to Cape Freels.

The fliers were late. It was apparent after dropping the note the plane circled low over the ground to receive directions from the townspeople and then turned off southwest. They had overshoot their mark 150 miles.

They turned their plane southward after the residents at Cape Freels had pointed the direction they wanted. In the direction they were flying they would have gone out over the Atlantic ocean toward the Arctic.

The fliers hope to spin around the globe in six days (thereby smashing the record of eight days 15 hours 51 minutes set by Harold and Gatty last year).

Post and Gatty made the first leg of the world flight New York to Harbor Grace, N. F., a distance of 1,132 miles in six hours and 54 minutes.

Mattern and Griffen left New York at 4:01 a. m. (Marion time) and to equal the Fort Gatty line would have had to reach Harbor Grace at 10:53 a. m.

Post and Gatty stayed three hours and 40 minutes in Harbor Grace before starting the flight across the ocean to St. John's. Mattern and Griffen took up some of their last time if not all of it by speed in refueling.

Jimmie Mattern is from Fort Worth, Texas, and Griffen was a former war-time aviator.

Postal Rates to Be Boosted Wednesday

Three Cents Necessary for Letter in Place of Two Required Under Present Statutes.

Four hundred thousand new three-cent stamps will be put on sale at the Marion post office Wednesday as the new federal law boosting postage rates from two to three cents goes into effect.

The new violet colored stamps, which were not arrived here today, but this office's requisition was for that number postal officials said.

The latest addition to the federal stamp family carries the Stuart portrait of Washington.

Two other varieties of three-cent stamps will be used. They are the current three-cent Lincoln stamp of the regular issue and the three-cent stamp of the Washington bicentennial series which will be continued until the issue is withdrawn at the end of the year.

Air mail rates also will be increased. Eight cents worth of stamps must be put on all mail letters of one ounce or less. The old rate was five cents. Under the new schedule 12 cents will be required for each additional ounce of air mail.

Postcards will remain at the old rate and can be mailed with a one-cent stamp.

Four billion three-cent stamps are being manufactured. The post office department is also distributing to postmasters throughout the country 1,000,000 one-cent stamps for use with two-cent stamps and two-cent stamped envelopes now on hand. It is planned also to dispose of two-cent stamped envelopes in the postoffice by putting one-cent stamps on them.

It is not the present intention of the postal department to issue eight-cent stamps to meet the new air mail rates. A combination of the five-cent air mail stamp and the three-cent stamp can be used for that purpose.

Despite the publicity being given the boost in postal rates post officials predicted that many letters will be mailed on and after Wednesday bearing only the old two-cent stamp. Several weeks will be required to educate the public to the new rates postal officials said.

Relief Bill Veto Certain

House and Senate Conferees, However, Approve Measure Today.

WASHINGTON, July 5.—Heads for a veto by President Hoover for a bill to provide relief for the unemployed, the House and Senate conferees today said will be prepared to put the measure before Congress today.

Congressional approval is hoped for by Thursday or Friday.

Speaker Walton of Indiana the Republican leader said Mr. Hoover would return the measure with his signature and insist that Congress remain in session until a new bill acceptable to him has been drafted.

The Senate resumed debate on the home loan discount bank bill with Senator Bingham Republican of Connecticut prepared to demand that his amendment legalizing a 32 per cent beer be taken up immediately. Opponents are expected to move to recommend the bank bill to committee to avoid a vote on beer.

In a special message the President asked for an appropriation of \$120,000 to continue the activities of his organization on unemployment relief.

Speaker Garner received an ovation in the house as he presided for the first time since his nomination as the Democratic vice presidential candidate.

The conferees approved the final draft of the compromise agreement in the same form in which it was tentatively agreed to last Saturday carrying \$200,000,000 for direct relief loans to states, \$222,000,000 for public construction and \$1,500,000,000 for loans through the Federal construction corporation, both public and private.

All the conferees signed the bill except Representative Treadway Republican of Massachusetts, a strong administration supporter.

A copy of the compromise measure was sent by the conferees to the White House today for President Hoover's study. Sponsors of the legislation continued to maintain.

MAN SLUGGED IN ROBBERY

Victim of Holdup Struck Down While Placing Car in Garage at Home

KNOCKED UNCONSCIOUS

Assault Escapes in Darkness After Taking \$45 from B. H. Peach

B. H. Peach, 704 Linthrop avenue was slugged on the head with a blackjack and robbed of \$45 while placing his car in a garage at his home at 9:30 p. m. Monday. Members of the family who heard the victim call saw the man disappear in the darkness but were unable to furnish the police a description of the bandit.

Mr. Peach was unconscious for several minutes following the attack. He told police he had driven his car in the garage and was locking the garage door when the robber who had been concealed near the garage quietly appeared and struck him over the head with a blackjack. Although stunned by the blow Peach turned to grasp the bandit who struck him a second time knocking him unconscious.

Mr. Peach who heard his hand call and also heard the noise of the scuffle, ran from the house in time to see the man disappear around the garage. Neighbors carried the injured man into the house. A physician called said his injuries were not serious. Police searched the neighborhood but found no trace of the robber. The condition of Mr. Peach was improved at the home this morning.

Garner To Take Vacation Before Campaign Start

WASHINGTON, July 5.—Speaker John Nance Garner is going to take a vacation in the sunshine of Texas before he enters the campaign for the vice presidency.

At present he does not plan any extensive tour but already Democrats everywhere are urging him to make speeches in a number of big cities.

As soon as possible after congressional adjourns Garner will go to Albany to confer with Governor Franklin Roosevelt. Then he will return to Washington to wind up details at the speaker's office.

Somewhat wearied by the long and hectic seven months of this session of congress Garner is anxious to go home to Texas where fishing trips in a much battered river, give him rest and relaxation.

Garner does not want to make many speeches. He feels that through the radio candidates can reach more people on real issues.

Garner probably will make his headquarters in Washington during the latter part of the campaign.

# Washington Slices Yanks' Lead with Double Victory

## WINNING STREAK OF GOMEZ SHATTERED; TRIBE BREAKS EVEN

Earl Whitehill Twirls One-Hit Masterpiece Against St. Louis Browns

By The Associated Press  
If the New York Yankees should make a runaway of the American league pennant race this year, it would be the fault of Walter Johnson's Washington Senators.

Knocking over the leaders twice in their fourth of July double-header, the Senators became the first club in the league to gain an edge over the Yankees in games won and lost this season. Of the 27 games the Senators and Yankees have played this season, Washington has won nine.

The Senators snapped Vernon Gomez's 11 game winning streak in the opener. They turned the account into a rout by scoring six times in the first three innings and winning 12-6 despite homers by Larry Crockett and Rube Miller.

The latter twenty-third of the season, Mannish and Harris led the home team to a second place by tripping the St. Louis Browns twice, 2-0 and 12-7. Earl Whitehill pitched one of the greatest games of his career in holding the Browns to one hit, a single by Corbin. The second game was a slugfest.

Lynch won the first game from Chicago, 4-2 as Wes Ferrell pitched his fifteenth victory of the year but the Indians succumbed to Ted Lyons masterly in the nightcap, 2-1.

In the National league the Pittsburgh Pirates increased their lead to a game and a half by outslugging the Chicago Cubs twice, 6-0 and 8-5. The Corbin wrapped Duane Grimes out of the box in the third inning of the opener and tying the second game at 5-5 in the ninth and winning out in the eleventh when Floyd Vaughn singled with the bases filled.

Traynor collected seven hits during the day.

The Cubs dropped into third place a game back of the Boston Braves who trounced the Phillies twice, 8-0 and 9-0.

Cincinnati punched out a 7-2 decision over the St. Louis Cardinals.

## Smack! Dickey Breaks Jaw of Nat Outfielder

By The Associated Press

WASHINGTON, July 5. While Carl Reynolds nursed a broken jaw, President Clark Griffith of the Washington Senators won a decision today from President William Hargrave of the American league, concluding the religious hygienic pitcher, Phil Dickey of the Yankees, let fly here yesterday.

After the game, which followed the decisive play in the first of two games, Washington took from the league leader Griffith's pitcher, Hargrave. He asked the maximum fine and suspension of the Yankee catcher until Reynolds is able to return to the line up for what he described as the most atrocious act of a ball player ever perpetrated on another.

Griffith also demanded that Dickey of the New York club pay Reynolds hospital and doctor bills.

It was considered likely Reynolds would be out six weeks or longer. It all came about when a Reynolds throwed Dickey, who was blocking the plate, on a second spring, for home after a regular play had been called. Reynolds scored the tying run and Dickey swung the jaw breaker.

The Yankee catcher claimed Reynolds charged at him with an unnecessary roughness. Reynolds said Dickey hit him when he wasn't looking. A report from the umpire will guide Hargrave's decision.

On Thursday the Industrial league conflict between the Steam Shovel A and Eagles at Harding field tops a four game program. These two teams are sharing a four-way tie for the lead and a defeat for either will shove them quite a way down the scale.

The other two leaders, Greys and C. D. & M. play second division teams but either may run into difficulties.

The efforts of the Serv U. Vol. Grocers to break the seven game victory streak of K. of P. lodge at Lincoln park will hold the spotlight Friday in the Commercial league. All other games Friday will be inconsequential besides the encounter although at least one of the others, Erie Traffic club vs. Marion at Garfield may develop into quite a scrap.

## Artist Clouts Five Homers in 2 Games

By The Associated Press  
BALTIMORE, Md., July 5.—Five home runs in one day—41 so far this season. That's the record today of Buzz Arlett, left fielder for the Baltimore Orioles.

The five came yesterday in a doubleheader with Reading that made history in the International league besides driving in nine runs and beating from both the right and left hand sides of the plate.

Four came in the first game in successive times at bat, one in the second inning, right handed—that cleared a set of loaded bases, another in the fifth left handed—that brought in a man ahead of him, another in the seventh with the bases empty and the fourth in the eighth with one on. The third and fourth also were hit left handed.

Minneapolis again leads Association; Columbus in second.

The Indians sagged to third position as Columbus improved its time by defeating Toledo twice.

Minneapolis eased to a 5 to 0 victory in the morning game by behind a dandy job of pitching by Carmen Hill. Extra base hitting including Joe Hauser's twenty second home run of the season gave the Millers an 8 to 4 decision in the afternoon contest.

It was a drab holiday for Indianapolis. The Colonels won the opener 5 to 2. Ernie Wingard napped in six runs with two homers and Rosenberg also hit for the circuit but even these socks failed to keep the Colonels from taking the second game 9 to 7.

No. 1 Church League To Open with Four-Game Schedule Billed.

All of the fireworks generally associated with the Fourth of July were not shot off Monday of this week. At least not as far as softball in Marion is concerned. The bombardment is slated to last all week as the various pendant contenders in the four city leagues begin to stay in the thick of the struggle for the league flags.

Each week the races have been getting closer and closer and this week is no likely to be any exception. It has been remarked on various occasions that the uncertainty of the game is what makes softball such a popular pastime. If that be the case the game here should be making great forward strides as no one can tell a day ahead what is going to break loose next. The season has been one upset after another with no indication that any of the four championship pursues are any where near a solution.

Starting Day Late  
The weeks competition starts a day into this week as Monday's Fourth of July games are moved up to Wednesday.

The Loc. Street Presbyterian vs. St. Mary clash at Harding field heads today's card.

The efforts of First Reformed to stop the Epworth bonanza at the Shovel Athletic field and the battle between Forest Lawn and Christian Seniors at Harding field are the highlights for Wednesday. The Epworth and Christian teams are fighting neck and neck for the league leadership and the other two combines are not far behind.

# PROHIBITION PLANKS STIR UP ARGUMENTS

Symposium of Editorial Views in Country Shows  
Wide Range of Opinion.

The Associated Press has compiled from every state a symposium of editorial opinion of newspapers of all political faiths, relating to the prohibition plank adopted by the Republican and Democratic conventions. This survey, the first of its kind ever undertaken immediately after the event, is presented below.

BY BYRON ELLIS  
Associated Press Writer

CHICAGO, July 5.—The prohibition debates which swept both of the great party conventions in Chicago are continuing, now in almost every community, with a ferocity lifting the question of the future of the dry laws to a new prominence in national politics.

Editorial gatherings by the Associated Press from hundreds of large and small newspapers displayed a wide range of opinion.

leaves them where to go except  
into the Republican ranks and  
this they will do by wholesale in many  
states.

Among the smaller journals the  
Michigan (M.) Evening Republican  
argues that the Republican  
platform is much more likely to  
secure repeal than that of the Demo-  
crats while the Wisconsin (W.)  
Times Herald agrees that the di-  
rect repeal plank of the Demo-  
cratic platform is calculated to de-  
lay rather than hasten repeal of  
the 18th amendment and the  
Illinois (Ill.) Independent dis-  
agrees with both says.

"They can not be compared. The  
one is a definite pledge—the other  
is meaningless."

Certain it is that editors scat-  
tered over a very wide territory  
are convinced a real inter-party  
issue has been presented to the  
electorate. Says the Worcester  
(Mass.) Evening Gazette. The  
election is going to turn very  
largely on the question of prohibi-  
tion.

**Issue Made Clear**

The issue is joined, says the  
Aurora (Ill.) Beacon News. The  
wet and dry issue is laid down  
agrees the Louisville (Ky.) Com-  
petitor. Now that the people know  
precisely where one party stands  
on federal prohibition, they can  
vote straightly and settle the issue.

Now that the people know  
precisely where one party stands  
on federal prohibition, they can  
vote straightly and settle the issue.

The note of clarity is all about  
what the controversy is all about.  
It is not however, unanimous. The  
Wichita (Kan.) Record voices  
the sentiment of a considerable  
number of publications widely  
scattered when it said that the  
two planks provide for exactly  
the same process of determining  
whether liquor shall or shall not be  
brought back that is by giving  
the people in state conventions  
the right to decide.

There is a notable editorial heat-  
ing about the question. Many  
dances like the Washington (D. C.)  
Evening Star content themselves  
with merely reviewing the pro-  
visions of the two planks determin-  
ing the Democratic offering as  
wet and the Republican as not  
quite so wet and leaving the read-  
er to work it out for himself. The  
Indianapolis (Ind.) Recorder (N. Y.)  
Times Union concludes its editorial  
thus:

The net result is to emphasize  
the wet position of the Democratic  
party as opposed to the course ap-  
proved by the Republican conven-  
tion.

Others are bolder. The Oil City  
(Pa.) District states it is the gen-  
eral opinion that the Democratic  
platform will be the great  
asset of the Democratic party  
in the coming campaign, but it  
adds that the Democrats should present  
a workable plan.

**Some Changed Situation**

By the Washington (D. C.) News  
Star. Impressed with southern  
rumblings of dissent this conclu-  
sion is presented.

"It would not surprise many if  
the Republicans were in the South  
and the Democrats in the North."  
The southern Democratic editors  
themselves are in very wide dis-  
agreement as to the effect of the  
Democratic repeal demand in that  
area. For example.

The Laurel (Miss.) Leader-Call  
The repeal plank will afford a  
good fight in many a southern  
state.

The Natchez (Miss.) Democrat  
The cardinal principle of Demo-  
cracy is that the majority shall  
rule and in view of the vote the  
question should be regarded as ac-  
tually settled.

The Sumter (S. C.) Item. We  
believe it (the repeal plank) will  
strengthen the party enormously.  
The Dallas (Tex.) Journal. The  
party will have to close its hardest  
fights in these (southern) states.

The Memphis (Conn.) Commer-  
cial Appeal. The Democrats de-  
serve victory on their platform  
alone. The only certainty in the  
Republican figure plank is the  
overthrowing of the federal govern-  
ment in the control of police regu-  
lation. The measure involved will  
make many authorities regardless  
of their bias about prohibition  
think hard.

The Charlottesville (Va.) Daily  
Press. It is a little curious by  
prohibiting that Philip Cannon  
will not be in the Republican  
line. It is but apparently with  
a vastly less brave display than  
that of the day.

What is in a name including the  
republican C. Cannon springs  
republican with the Demo-  
crats but what the Republicans  
convention want to do many  
times. It is not a question of

# ROOSEVELT TO SEEK PEACE

Democratic Nominee Moves To Unite Factions After Break in Convention

By The Associated Press  
ALBANY, N. Y., July 5.—Home from his first trip as the Democratic presidential candidate, Governor Franklin D. Roosevelt today took up the task of making peace in the party as his first step in the campaign.

While the governor has a 10-day conference for the next five days he was expected to give much attention to the South group. He came home expressing confidence that there would be no faction in the party during the campaign. There was a letter that the Roosevelt forces hoped to bring the governor and Smith together in New York area.

Mr. Roosevelt will be in New York Sunday and political observers believed this breakthrough such a meeting from Chicago yesterday.

On the trip from Chicago yesterday, Roosevelt will call "Daily" would be left by a convention fight, but before very long Governor Roosevelt will be in New York.

The governor came home to find a crowd of several thousand waiting at the station in a steady rain to greet him. At the executive mansion another crowd filled the lawn until he came out and spoke.

Prominent political leaders continued their praise of the unprecedented action of the governor in flying to Chicago to receive the nomination immediately the choice was made.

Governor William H. Murray of Oklahoma said upon arriving home from the convention that Mr. Roosevelt won thousands of votes by flying to the convention as soon as he was nominated.

Curley in Chicago  
Mayor James M. Curley of Boston the long-time Roosevelt supporter in a solid state pledged Massachusetts delegation received a rousing ovation when he returned to his home city from the convention and was forced to proceed to Boston common and make a speech.

At a meeting of the Tammany Hall branch in New York, a speech from Governor Roosevelt saying he was assured the Society of Tammany was a militant supporter of democracy was enthusiastically applauded in contrast to a vigorous ovation for Alfred E. Smith.

By The Associated Press  
WASHINGTON, July 5.—The politically minded were seeking an answer today to the highly speculative question around Governor Johnson's conduct in accepting the Democratic nomination.

Will the California senator, a severe critic of the Hoover administration, John Senator Norris of Nebraska in holding the Republican party to support the New York chief executive?

There was no hint of the role Johnson may play in the presidential campaign in the statement he issued yesterday. He limited it to a high tribute to the manner in which Roosevelt appeared before the Chicago convention and to his speech accepting the Democratic nomination.

Last fall Johnson suggested that President Hoover withdraw as the Republican candidate. For months there was talk of the California senator's nomination himself. In contrast he has been outspoken in criticism of Mr. Hoover's debt moratorium and his handling of the relief situation.

**FUNERAL HELD FOR MRS. J. F. NEWLOVE**  
Funeral services for Mrs. Josephine F. Newlove, 75, mother of J. F. Newlove of 347 Unanueh avenue were held today in the Baptist church at Broadway. Interment was made in the cemetery at that place. Mrs. Newlove died Sunday of paralysis at the home of her daughter Mrs. H. I. Hines in Broadway. She was taken ill at the home of her son here about two weeks ago.

# GARNER PLANS REST PRIOR TO CAMPAIGN

and will make at least one radio speech here.

As far as receiving the official notification of his nomination Garner feels that his message to the convention accepting it was sufficient. He believes that the less fuss about the campaign and the nomination the better.

Meanwhile he will continue as a candidate for the next congress from the fourteenth Texas district which he has served for 20 years. The primaries are on the last day of this month. Garner's idea is to keep the 4000 Republican voters in his district from electing a successor to him.

Not until congress has adjourned will he make any public statement on politics. He holds that he is too busy at his present job as speaker of the house.

# THREE KNOWN DEAD IN KANSAS TORNADO

Over Score Injured as Winds Sweep Section of Southwest.

By The Associated Press  
WASHINGTON, Kas., July 5.—Tornado winds hedging across southwestern Nebraska and northern Kansas have killed at least three persons injured more than a score and brought great damage to the town of Washington.

The storm struck here late yesterday after razing the farm home of Mrs. F. E. Stagle about 30 miles north of Washington. Mrs. Stagle was killed and her husband and their two sons Roy and Clyde, injured.

Citizens of Washington and numerous visitors from nearby towns observed the sweep of the storm clouds near the close of an all day Fourth of July celebration. Crashing buildings killed Peter Gillett, a retired mail carrier and Garland Hubbs, about 20 of Narka, Kas. The city of approximately 1500 persons immediately was thrown into complete chaos.

Reports that two additional persons had been killed could not be verified early today. Eight of the more seriously injured were taken to a Clay Center hospital. Attaches of the hospital said today that none was in critical condition.

Immediate attempts at rescue were started after the tornado struck but efforts were hampered by heavy rain.

# REACH AGREEMENT ON RELIEF MEASURE

Conferees Approve Compromise Measure Despite Hoover Veto Threat.

Continued from Page One  
confidence that he would sign the measure.

The text of the compromise bill was withheld until presented in the house.

**Threat Heeded**  
A threat that congress must enact the kind of relief bill President Hoover wants or play in session next house and senate conferees today as they put what they considered the final polish on their \$2,100,000,000 program.

The threat appeared in a statement by Representative Snell of New York, Republican leader in the house and chairman at his party's recent national convention. After a week end at President Hoover's Virginia mountain camp Snell told newspapermen:

"We are going to have relief legislation no matter how long we stay here. If the president should veto the relief bill and congress adjourn without any relief legislation the president will call us back within 24 hours. He will not let us leave here without enacting an acceptable relief bill."

President Hoover was represented in high administration quarters at the capitol today as being unyieldingly opposed to that section of the \$2,100,000,000 relief bill providing \$200,000,000 for loans to states on a population basis.

It was added a veto more likely would be directed at this section than at the \$225,000,000 public works provision.

Mr. Hoover was not alone in his desire to see relief legislation become law. A group of house members including Representative New LaGuardia, Republican of New York already had served notice that congress is going to stay in session until a good relief bill is signed.

# DRYS PLANNING WAR ON WET CANDIDATES

Move To Keep Prohibitionists in Congress; Senate Faces Bear Vote.

By The Associated Press  
WASHINGTON, July 5.—Prohibition kept its place today at the top of the post-convention discussions. As senate leaders tried to exert another vote on legalization of 32 per cent beer Dr. Daniel A. Poling chairman of the Allied Forces for Prohibition, warned that his organization is raising funds to support dry candidates for the house and senate.

Likewise Bishop James Cannon Jr. in an Ocean Grove N. J. Independence day address predicted that the Republicans would win in November.

Dr. Poling in this fashion summed up his reaction to the result of the election of Republicans and repeal of prohibition.

While raising funds and organizing to help elect a senate and a house of representatives pledged to enforce and not to nullify the law, pledged to preserve the gains made under the Eighteenth amendment under the constitution of the United States and to representative government.

This same house and senate faced a proposal by Senator Bingham, Republican of Connecticut to make 32 per cent beer legal. Bingham predicted it would pass the senate while Representative Britten, Republican of Illinois made the same forecast for the house. Senate leaders hoped a vote could be prevented.

**"NOW WE ARE THREE!"**

KATHERINE AND BILL—what fun it is to know them! They seem to get so much out of living. You met them just a little over a year ago—the week before they were married. Ten days later it gave you a pleasant glow of anticipation to receive the trim card telling you when they'd be "at home."

And today you got another card, headed "Now we are three!" Bill's signature comes first, then Katherine's, and then—the guided, chubby scrawl of the newcomer, Jeremy.

You happen to know that although he is in line for an important promotion, Bill's present salary isn't large. Most other young couples would consider themselves "up against it" if they had to manage on so little. Yet Katherine and Bill maintain a standard of living that is the admiration of all their friends.

You know how they do it for Katherine has told you. They budget all expenditures. And when they decide a purchase is to be made, whether it is a new shade for the reading adviser or a suit for Bill, or shoes for Katherine, they study the advertisements in The Marion Star until they find just what they want for the price they can pay. Careful, budgeted buying of consistently advertised merchandise enables them to get the most out of their dollars.

It's a wise baby that picks parents like these.

Take advantage of the advertisements in this paper. They are your guide to profitable buying.

# THE THREE CROSSES IS SERMON SUBJECT

Rev. James O. Dowd of Central Christian Church Preaches at Service.

The three conditions of life that are represented in the three crosses of Calvary were stressed by Rev. James O. Dowd of Central Christian church in his sermon Sunday night at the union services at the Protestant M. E. church. The church was filled for the service, at which Rev. Karl W. Patow, pastor, presided.

The cross on the left hand of Jesus represents selfishness and sin, the middle cross, and the cross on the right hand of Jesus represents a self-surrender or redemption.

The center cross on which Jesus was crucified represents self-sacrifice or righteousness, he said. The sermon subject was "The Three Crosses," based on the account of the crucifixion in Luke's gospel. Rev. Dowd gave a graphic picture of the crucifixion.

The closing prayer was delivered by Rev. Carl V. Rupp of the First United Brethren church, president of the Marion County Ministerial association. Rev. Lawrence A. Wood of Trinity Baptist church pronounced the benediction.

NEVER before have we had a general sale in Miller-Jones stores. Our policy is against sales—except when they are absolutely necessary and based upon actual merchandising truths. Conditions have caused many well-laid plans to go astray this year. So temporarily we shall be our own "outlet" for surplus stocks, which virtually means wholesale clearance prices for retail buyers.

# Arguments on Tax Law Set for Wednesday

Finality of Law for Distribution to Counties  
Filing To Collect Proportionate Shares Will Be  
Defended by Bettman.

From becoming state warrants upon  
intangible taxes collected in Han-  
dson county. He based his applica-  
tion upon the claim that the han-  
dson of such state warrants would  
constitute misapplication of  
county funds.

Bettman and Lewis F. Lay's his  
special counsel will urge the court  
of Cincinnati to dismiss the suit.  
They will contend that both the  
intangible tax act and the method  
which it provides for distribution  
of funds are valid and that there is  
no real basis for Gorman's suit.

Of Interest to All

Taxpayers throughout Ohio are  
awaiting the outcome of the suit  
with intense interest.

Records in the office of State  
Auditor Joseph Tracy disclose that  
if the courts uphold the constitu-  
tionality of all the provisions of  
the intangible tax act, the taxpay-  
ers residing in 15 of the Buckeye  
states 88 counties will turn over  
to the treasury of the remaining  
73 counties \$1,068,425.98.

This money constitutes intan-  
gible tax funds raised during the  
first half of this year in excess of  
the proportionate share assigned in  
Allen Ashland Butler Clermont  
Cohoesion Erie Franklin Geauga  
Hamilton Jefferson Lake Mus-  
kingum Ottawa Richland and  
Wood counties.

These collections by counties  
were:

Ashland \$49,470.74 or an excess  
of \$14,535 Butler \$123,050.94 or  
\$15,251.95 excess Clermont \$22,  
654.25 or \$6,148.11 excess Cosho-  
con \$25,065.77 or \$2,569.81 excess  
Crawford \$51,667.14 or \$10,932.03 excess  
Franklin \$210,286.45 or \$199,402.32  
excess Geauga \$26,511.22 or \$22,  
646.16 excess Hamilton \$1,776,  
847.93 or \$763,725.45 excess Jaffer  
son \$56,227.16 or \$72.42 excess  
Lake \$129,988.44 or \$45,219.34  
excess Muskingum \$56,297.07 or  
\$2,332.08 excess Ottawa \$18,741.93  
or \$15,674 excess Richland \$38,  
008.25 or \$9,265.55 excess Wood  
\$43,334.21 or \$2,711.77 excess.

If the tangible tax act is held  
valid in toto the state auditor  
plans to distribute the \$1,068,425.98  
excess funds among the other 73  
counties in amounts ranging from  
\$85.18 to Defiance county to \$91,  
401.76 to Mahoning county.

18 Scheduled for Aid

In this manner the 73 counties  
will receive a difference be-  
tween the amount of intangible tax  
they were expected to collect and  
the lesser amounts which they  
actually collected.

Under this plan, the amounts due  
to various counties include:

Adams \$4,047 collected \$4,592.09  
Beimont \$18,877.17 collected \$2,  
207.13 Columbiana \$21,516.60 col-

# Mercury Fails To Reach Usual Height in June

The temperature in Marion  
reached the 80s only twice in June,  
going one degree higher on the  
fifth and twenty-fifth. In past  
years temperatures high in the  
80s were not unusual and last year  
was unusually warm a comparison  
with the weather reports shows.  
Two years ago a record of 102 de-  
grees was set on one day.

Marion had its second heavy rain  
fall of the year on the twentieth,  
but the two inches of precipi-  
tation failed to bring the total rain-  
fall of the month to the average  
mark of 4.01. The average here for  
the month was 3.31 inches.

The average temperature for the  
month was slightly more than 71  
degrees compared with the average  
temperature of the state weather  
bureau statistics 69.4.

## Natural Talent for Art Gets Youth Theater Work

A 16-year-old Marion boy with  
out any art instruction is now com-  
pleting sketches to be used as pat-  
terns in the construction of nine  
sets of scenery and the designs of  
14 costumes for a forthcoming  
production of the Trinitas Guild  
Players of New York.

He is Robert Smith son of Mr.  
and Mrs. Samuel E. Smith of 241  
South High street. The scenery and  
costumes designed by him with  
suggestions from the producers  
will be seen throughout the coun-  
try when the guild players begin  
a tour next fall showing Joseph  
and His Brothers.

As a biblical setting, the play  
has a biblical setting and the  
scenes and the costumes are in  
keeping with biblical times. One  
of the characters for whom Smith  
designed a costume will wear  
Joseph's famous coat of many  
colors.

Harding Graduate

Smith who last year graduated  
from Harding High school never

took any art instruction although  
he has spent many hours doing  
all jobs around the art depart-  
ment of the Jay II March Co.

He was asked to try his hand at  
scenery and costume designing by  
Charles E. Grace of Marion who  
will portray the part of Joseph  
in the play. Grace learned of  
Smith's ability to draw when he  
lived here.

Grace and Charles E. Lunt who  
are preparing the play for the  
stage played came to Marion with  
200 pencil sketches and a fair  
idea of what they wanted. Smith  
took the work and quickly expressed  
their ideas in color. His work first was  
roughly and then copied to a  
short approximately five by 10  
inches to be used by the persons  
who make the scenery and cos-  
tumes.

He used opaque and transparent  
water colors for his work. He has  
done considerable pencil sketching  
around Marion and has some cred-

**Kenton Car Found.**  
An Oldsmobile belonging to John  
Peppers of Kenton and stolen from  
that city Saturday night was found  
by the police parked on South  
Grand avenue yesterday. A camera  
and a flashlight which Peppers  
said were in the car when taken  
were missing.

**New Car Stolen.**  
The Tiffin police reported to the  
police here the theft of a new Ford  
Eight from a salesroom in that city  
Sunday night.

Science has discovered that a  
flower grown in Japan and  
Lilla wings its life. Now the ex-  
tract of them is used as an em-  
ployee to completely free your home  
and keep it free from these  
germ bearing pests.

That flower extract is the basis of  
Fly Tox developed in Mellon In-  
stitute of Industrial Research by  
Alex. Leitch, Jr. and his associates.  
Ten years and over \$100,000 have been  
spent by us in perfecting it.

The result is a potent and most  
called Fly Tox 2, which we direct  
it enters in a room a pleasant  
cloud of vapor. An all pervading  
mist harmless to people, harmless  
to walls or furnishings. But that  
must kill every insect that it  
touches. And they can't escape.

Think what that means to your  
home. Complete and constant pro-  
tection from those germ bearing  
pests. These insects, by their feet  
or stings carry the germs of over  
30 diseases. They carry these  
germs to your food or to blood  
streams. Many thousands of  
people—especially children—die  
from them infectious every year.  
Fly Tox offers you an easy, cor-  
tainly economical way to complete  
protection.
